Judges

Natasha Clark

Natasha has had extensive experience with Suri and Huacaya running a herd of over 450 huacaya and suri alpacas of all colours under the stud names of Kurrawa Alpacas and K.A.Silknsuri with her parents Robert & Ann Clark in Victoria, Australia on the beautiful Surfcoast in Bellbrae.

In 1991 Kurrawa was formed and since that time Natasha has been a full-time alpaca breeder. With her knowledge of both suri and huacaya Natasha has developed Kurrawa into one of the major studs winning Champions and Supremes at National & Royal Shows.

A qualified AAA (Australian Alpaca Association) judge in 2000 she has continued to develop her skills to become a senior Judge and a AAA Judges Trainer. In 2004 Natasha successfully qualified as an International Judge at the IAJS School in Peru and has judged in New Zealand, UK, Europe and all over Australia including all of our major shows.

In 2008, 2012, 2014 & 2019 she had the privilege of judging The Australian Alpaca Association National Show. In 2015 judged the British National Show, 2016 judged the New Zealand National Show, The Alpaca Association Benelux Harpet Show. In 2019 judged Bayreuth Germany Show, Boekel Netherland Show, Norwegian National Show, Swedish National Show and The Finish National Show.

Since 2008 up until 2018 Natasha has been an active member on the AAA Showing and Judging reference panel. Natasha continually gives her time to give seminars, mentor and train breeders, aspiring judges and qualified judges.

Natasha was also a competitive horse show rider and an active Welsh Pony & cob society judge. Having given away the horse riding at a highly competitive level Natasha is heavily involved in showing pointer dogs.

Shane Carey

Shane owns and manages a herd of over 450 huacaya and suri alpacas of all colours in Victoria.

Shane has been breeding alpacas since 1996 and has had a keen interest in showing since the onset and the quality of his herd is regularly recognised in the show ring, both at state and national level.

Since 2004, the utilisation of embryo transfer has been used within the herd and now have had over 400 embryo transfer cria born on the farm.

Shane qualified as a AAA judge in 2011 and has since judged in all states of Australia and thoroughly enjoys judging both fleece and animals and seeing the advancement of the national alpaca herd.

It is with great regret that with our increasing age we are finding it difficult to provide the standard of input and care needed for our herd. We have built up our herd of 80+ white suris over many years with a careful breeding programme. The success of this is shown by Ngahere Suris receiving Supreme Suri Fleece at the National Show for three years running. All our animals are halter trained and (mostly) easy to handle.

If required, there is also the opportunity to lease approx 30 acre block on which most of the animals have been grazing. This block is close to Palmerston North and has been developed specifically for running alpacas and includes a large shed for hay, animal work etc. and some yards.

Located just five minutes north of Levin Legacy Alpacas has been breeding predominately white alpaca since 2006, starting with just three Huacaya. We love colour too so when it comes along, it's a bonus.

We are breeding in any case to produce well conformed, healthy, fine and consistently fleeced animals throughout the herd and aim to produce soft handling fibre for the commercial market as well as artisans.

We have been successful over the years as exhibitors competing and supporting shows over region and enjoy being a member of the AANZ where networks and information regarding these beautiful animals are such an important part of our industry.

Legacy Alpacas welcome new and experienced breeders to visit the small farm in the Horowhenua for a relaxing and happy alpaca experience.

**SHAMARRA
ALPACAS**
AKAROA, NEW ZEALAND

Alpacas, Farm Tours & Alpaca Knitwear

We take great pride in our environmentally friendly and sustainable alpaca breeding practices and the natural luxury of the fleece that our alpacas produce.

Shamarra genetics are well known in New Zealand and overseas. Breeding for fleece means that we are looking for traits in our males and females that will progress the alpaca fleece industry.

250 Endean Road RD2 Rotorua. 027 500 5016 denisemarytaplin@gmail.com
brudenalpacas@gmail.com

We have been breeding Huacaya for about 10 years. We are now focusing on black.

But we are aiming to improve conformance and fleece within a good-natured animal. Whatever the colour.

Bruce is the National Presidents.

Which he is striving to improve the AANZ for all breeders and members.

Denise is a committee member for Northern Region.

Working with a great team to reconnect with members and breeders.
