

## **2025 National Show**

### **Newsletter 27 April 2025**

The National Show Working Group are full steam ahead with the planning for this year's National Show in October 2025.

#### **Sponsorship Prospectus**

We now have the Sponsorship Prospectus to share with you and entice you to take up some of the sponsorships available which give your stud or business some good exposure both leading up to the National Show and at the Show itself.

#### **These sponsorships will be available from 12 noon on the 1<sup>st</sup> May 2025.**

Just use the standard National Show email address [nationalshow@alpaca.org.nz](mailto:nationalshow@alpaca.org.nz) to send your preferred sponsorship package for consideration. It will be on a first in first served basis and the National Show Working Group will not take up any of the sponsorship packages until at least 24 hours after they become available to the membership.

#### **Show Timetable**

Also for your information is a draft timetable of events to help plan your arrival times etc. This may change as we get closer to the event due to things outside of our control but we will keep you up to date if the timetable is modified.

#### **Catering During the Show**

We can confirm that we will have coffees, teas, snack food and light lunches available during the two days of the show. More to come on the details closer to the show.

#### **Penning Details**

The pens will be made up of crowd barrier fencing which creates a std. 2.2m x 2.2m pen which is 1.1m high. If you have more than one pen then we can try and accommodate removing internal barriers to give you a bit more flow and space.

We are currently meeting with the electrician to confirm availability of power outlets for more electric fans for those of you who decide not to take up the sponsorship which offers power outlets as part of the sponsorship benefits. We currently have a charge of \$80 + GST to provide power to a pen which we are trying to reduce once we negotiate the costs to supply power to the pens with the electrician. Will keep you updated on this.

#### **For Further Information or Enquiries**

Please don't hesitate to email the Working Group – [nationalshow@alpaca.org.nz](mailto:nationalshow@alpaca.org.nz) if you

have any questions or enquiries leading up to the National Show. There is now a page on the AANZ website that is kept up to date for your information. See the link below:
